Investor Presentation January 2025

SJW Group

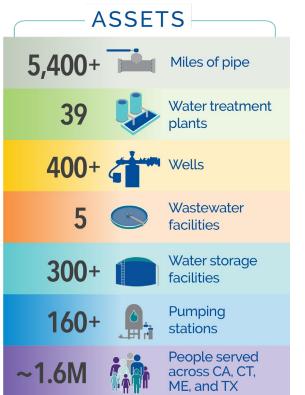

National Pure-Play Water/Wastewater: Local Expertise

Our Mission

Trusted, passionate, and socially-responsible professionals delivering life-sustaining, high-quality water and exceptional service while protecting the environment, enhancing our communities and providing a fair return to shareholders

¹ Source: Bloomberg ² An approximation of rate base, which includes net utility plant not yet included in rate base pending rate case filings/outcomes

Market Data¹

As of January 3, 2025, unless otherwise noted:

- \$3.3 Billion Total Enterprise Value
- \$1.6 Billion Market Capitalization
- 3.3% Dividend Yield
- 30% Five-Year Total Shareholder Return as of December 31, 2023
- \$670 Million Operating Revenue in 2023

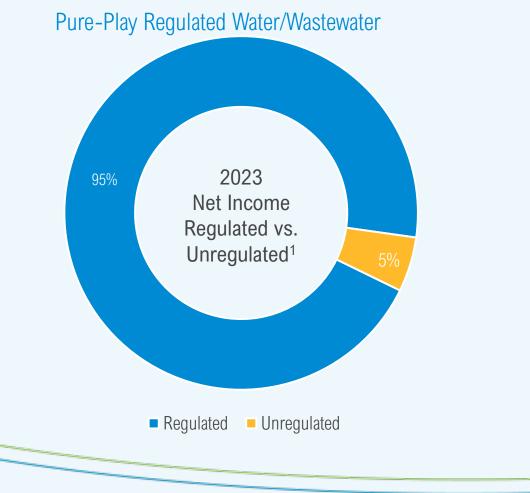

<u>Resources</u>

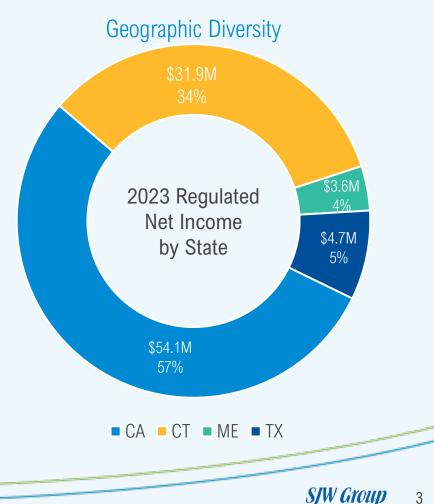

As of December 31, 2023, unless otherwise noted:

- 405,850 Water & Wastewater Connections
- \$2.1 Billion Rate Base²

Strategically Diverse Business Model

• Economic, Weather and Regulatory Diversity

¹ 2023 net income of the water utility services business segment, excludes real estate

Building Blocks for Delivering Value

Shareholders

- Leverage regulatory compact
- Infrastructure investment and earning a return "of and on" investments
- Focus on core water and wastewater
- Maintain constructive regulatory relationships
- Deliver growth that adds shareholder value

Customers/Communities

- Provide high-quality water while supporting conservation
- High level of community engagement
- Deliver world-class service
- Customer financial assistance programs
- Be a positive force in the community

Environment

- Sustainability is at the core of our business
- Passionate about stewardship and the value of water
- Protect and manage water and watersheds for the future
- Use available rate-making tools to encourage conservation
- Leverage technology to minimize water loss

Employees

- Passionate employees delivering a life-sustaining service
- Values-based, team-oriented approach
- Healthy, safe and secure workplace
- Invest in education and leadership development for our water professionals

Key Investment Highlights

Growth – Capital and Customers

- Invested \$272M in water/wastewater infrastructure in 2023, \$332M projected in 2024
- Announced \$230M CapEx estimate for per- and polyfluoroalkyl substances (PFAS) remediation, subject to regulatory approval
- Texas customer base quadrupled between 2006 and 2022, operations in three of the five fastest-growing counties in the U.S., and in 2023 outstanding development units (potential connections) increased 47%

Geographic and Regulatory Diversity

- Diversity of operations in four-state regulatory and weather environments that help balance risk
- Achieved constructive regulatory outcome in California Cost of Capital proceeding that provides for return on equity increases, including maintained use of the Water Cost of Capital Mechanism
- System improvement charge in Texas, and general rate cases and infrastructure investment surcharges in Connecticut and Maine

Commitment to ESG

- Science-based target to reduce Scope 1 and 2 carbon emissions 50% by 2030, 20% reduction achieved 2019 to 2022
- Fostering environmental stewardship nonrevenue water performance at 10.4% in 2023
- Recognized for excellence in supplier diversity \$63M, or 21%, of addressable spend in 2023 support supplier responsibility through Vendor Code of Conduct, and committed to diversity, equity and inclusion

Strong Dividend Track Record

- Dividend growth CAGR exceeding 6% over the past five years
- Paid a dividend for 80 consecutive years, with increases in the past 56 consecutive years

Strategy for Continued Growth

Capital Expenditures (CapEx)

- Investment in water utility infrastructure and earning a return "of and on" that investment
- Five-year plan to invest \$1.6B in water/wastewater infrastructure and PFAS remediation, subject to regulatory approval
- Leverage era of infrastructure replacement to deliver value for customers and shareholders

Constructive Regulatory Environment

- Experienced and highly regarded regulatory teams working cooperatively with state commissions to align customer and shareholder interests
- Regulatory lag minimized by forward-looking test year in California and infrastructure replacement surcharge mechanisms in Connecticut, Maine and Texas

Acquisitions

- Opportunistic, with a focus on growth potential
- Water and wastewater systems
- National footprint for growth

Infrastructure Investment Drives Rate Base Growth

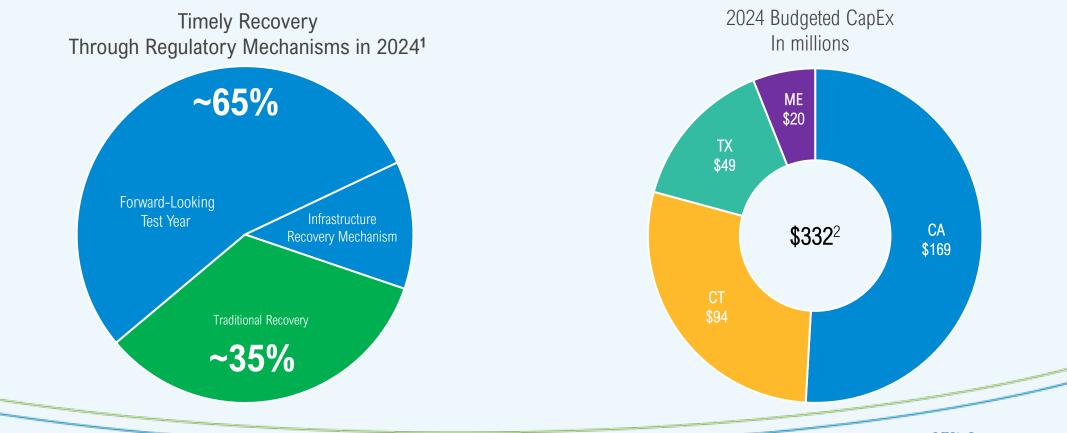

Targeting \$1.6 billion infrastructure investment over the next five years in water, wastewater, and PFAS remediation

In 2024, approximately \$219 million is allocated to projects that are in forward-looking jurisdictions or eligible for infrastructure recovery mechanisms

Meeting Long-Term Investment Needs

\$1.6 billion in infrastructure investment planned for 2024 - 2028

¹ Based on budgeted investments or filings that qualify for infrastructure recovery mechanisms ² Includes approximately \$27 million for Advanced Metering Infrastructure at San Jose Water Company in 2024

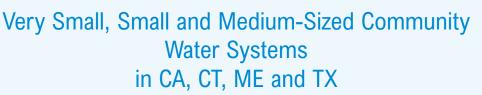

Acquisition Growth and Opportunities

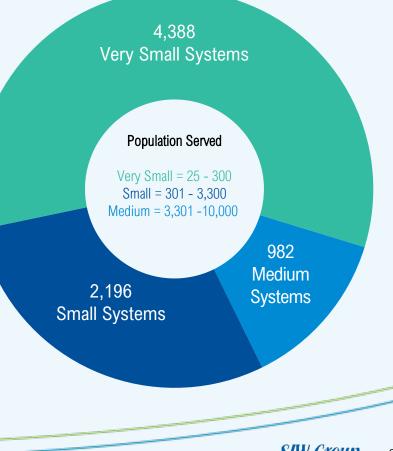

• 2010 - 2023 customer growth

- 25+ acquisitions by SJW Group and subsidiaries
- 72% customer growth: ~170,000 connections
- Transformational growth with CTWS acquisition in 2019

• Recent acquisitions

- KT Water Development: 570 service connections in Comal County, TX
- KT Water Resources: significant water supply in Comal County, TX
- Connection growth in Texas quadrupled between 2006 and 2023 to more than 28,000 water and 950 wastewater connections
- Opportunities
 - More than 52,000 community water systems nationwide
 - More than 16,000 publicly owned wastewater systems nationwide

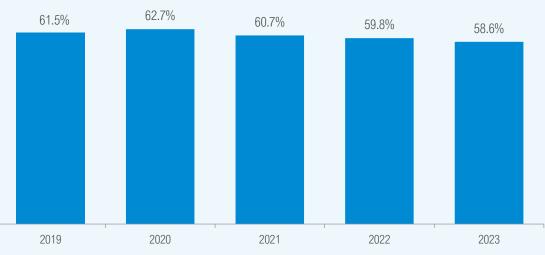

Sources: Company filings, EPA Drinking Water Dashboard, Cybersecurity and Infrastructure Security Agency's Water and Wastewater Systems Sector

Strong Access to Capital Markets

- S&P Credit Rating A- /negative
- \$350 million bank lines of credit, \$93 million utilized¹
 - \$125 million in long-term debt issued through 3Q 2024 to pay down line of credit
 - Addition \$35 million in long-term debt to be raised in 2024
- \$65 million in gross proceeds raised in equity issuances under SJW's at the market offering program through 3Q24
- \$1.6 billion market capitalization²

Improving Debt to Capitalization³

¹ As of September 30, 2024 ² As of January 3, 2025 ³ Includes long-term and short-term debt

SJW Group 10

Geographic & Regulatory Diversity

Leveraging Local Expertise to Meet Local Needs

Regulated Water/Wastewater

San Jose Water

- 232,400 service connections
- Growth-supported infrastructure replacement
- Forward-looking test year

Connecticut Water

- 107,700 water and 3,000 wastewater service connections
- Timely recovery of pipeline replacement through WICA and WRA
- Historic test year

Maine Water

- 33,800 service connections
- "Best in class"
 infrastructure replacement
 mechanism through WISC
- Historic test year

Texas Water

- >28,000 water and more than 1000 wastewater service connections
- Infrastructure replacement mechanism, fair market value and filed rate doctrine for acquisitions
- Historic test year

Nonregulated

Texas Water Resources: subsidiary created to leverage acquisition of KT Water Resources

California Updates

2025 – 2027 San Jose Water General Rate Case (GRC)

- <u>Alternate Proposed</u> decision approved on December 19, 2024
 - Approves settlement agreement negotiated with Public Advocates Office that provides for continued delivery of high-quality water service and realistic opportunity to earn our authorized return of equity
 - \$450 million capital expenditure (CapEx) plan¹ over three years
 - Greater revenue recovery through the service charge, and further aligns authorized with actual usage through a lower sales forecast
 - \$53.1 million increase in revenue over three years
 - Disallowed two fully litigated items outside the settlement agreement related to inclusion of chemical waste disposal costs in the full cost balancing account, and service charge calculation
- New rates effective on January 1, 2025

2025 to 2027 GRC

Application filed with CPUC on January 2, 2024

Application requested the following over three years:

\$103 million revenue increase

\$540 million CapEx program to invest in:

- PFAS treatment
- Reducing greenhouse gas
 emissions
- CPUC's Environmental and Social Justice Action Plan

California Updates

- No adjustment to the Water Cost of Capital Mechanism (WCCM) adjustment for January 1, 2025
 - Expect return on equity (ROE) of 10.01% for all of 2025, less 20 bps for reauthorization of the Water Conservation Memorandum Account (WCMA), for an ROE of 9.81%
 - Cost of debt of 5.28%
 - Authorized rate of return (ROR) of 7.75% reflects 9.81% ROE
- Cost of Capital filing deferment requested
 - One-year deferment of May 1, 2025, scheduled filing requested on December 18, 2024
- Advanced Metering Infrastructure (AMI) installation 2024 2026
 - Approximately \$100 million project outside the GRC CapEx with \$27 million investment projected in 2024
 - Advice letter requesting rate base increase of \$4.8 million for plant additions and annualized revenue increase of \$768,000 approved effective July 1, 2024

Cupertino Agreement

New 12-year agreement with the City of Cupertino to manage the City's water system effective on October 1, 2024 Can be extended eight years Replaces previous agreement Upfront \$22.1 million concession fee Equity issued to pay concession fee

Annual payments of \$1.8 million, tied to construction cost tracker

Connecticut Updates

Water Infrastructure and Conservation Adjustment (WICA)

- WICA increase approved by the Connecticut Public Utilities Regulatory Authority (PURA) and effective October 1, 2024
 - Annualized revenue increase of \$4.3 million for \$41.9 million in completed projects

General Rate Case Decision

- Final decision issued by PURA, effective July 1, 2024
 - \$6.5 million annualized revenue increase with opportunity for additional \$1.1 million for meeting performance metrics
 - 9.3% return on equity (ROE) (prior ROE 9.0%)
 - 53% equity/47% debt capital structure (similar to the last GRC)

Maine Updates

General Rate Cases

- On October 25, 2024, GRC application filed for Camden/Rockland Division requesting a revenue increase of approximately \$1.1 million, or 15.9%
 - Decision expected in 2Q 2025
- On January 5, 2024, the Maine Public Utilities Commission (MPUC) approved a stipulation agreement between Maine Water and the Office of the Public Advocate on the Biddeford-Saco Division rate application filed in March 2023
 - Authorized revenues increased \$2.6 million effective January 1, 2024
 - ROE for future Water Infrastructure Charges (WISC) at 9.5% with an assumed 51% equity/49% debt capital structure
 - GRC stay out provision in the Biddeford Saco Division through January 1, 2027

Rate Tariff Consolidation

• Petitioned the MPUC to consolidate company's 10 rate districts on December 31, 2024

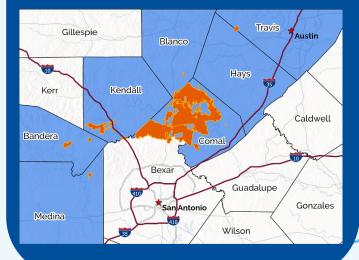

Water Infrastructure Charge (WISC) filings¹ Camden-Rockland Division \$158,000 approved, effective on March 22, 2024 Freeport and Oakland divisions combined \$52,000 approved, effective on August 1, 2024 Millinocket Division application for \$46,000 approved, effective December 16, 2024

Texas Updates

- Serves three of the five fastest-growing counties in the U.S.²
 - >28,000 water connections and more than 1,000 wastewater connections, quadrupled since 2006
- Strong developer interest in our service area
- Filed application to close on 3009 water system
- System improvement charge (SIC)
 - SIC-2 application filed in September 2024 requesting approximately \$4.1 million in annualized revenue, decision targeted for mid 2025
 - SIC-1 effective March 2024 approximately \$1.6 million annual revenue increase
- 6,000 acre-feet of additional water supply expected to be online by the end of 2026
- Conservation measures remain in place

Texas had the highest population growth of any U.S. state in the 2020 Census. Texas Water serves the rapidly growing area in the Austin-San Antonio corridor

Environmental, Social & Governance

ESG Initiatives & Commitments

ENVIRONMENTAL

- Dedicated Board Sustainability Committee
- Use and Protection of 14,000 Acres of Watershed Land
- 20% Greenhouse Gas (GHG) reduction between 2019 and 2022; goal of 50% Reduction in Scope 1 and Scope 2 Emissions by 2030
- Water Loss Prevention and Advanced Leak
 Detection

SOCIAL

- Customer Assistance Programs
- Supplier Diversity Program
- Active Environmental Health and Safety Committee
- Diversity, Equity and Inclusion Council
- CEO Pledge CEO Action for Diversity and Inclusion
- Community Outreach and Support
- Employee Health and Safety Policy

GOVERNANCE

- Human Rights Policy
- Employee Ethics, Conduct and Cybersecurity Training
- Anonymous Reporting Hotlines and Whistleblower Policy
- Vendor Code of Conduct

Commitment to Sustainability

- Infrastructure investments reducing greenhouse
 gas emissions and operating expenses
 - Owned solar generation in California and Connecticut
 - 6,197 MWh/year by year-end 2024
 - Generating annual operating expense savings
 - Fleet electrification
- Estimated renewable energy in 2024:
 - San Jose Water 40% to 50%
 - Connecticut Water approximately 70%
 - Maine Water approximately 50%
 - Texas Water 100%

Solar generation at San Jose Water Company

Social Responsibility

- Affordability and Access:
 - \$15.3 million secured in state funding for San Jose Water customers for COVID related financial hardship
 - Expanded eligibility for Connecticut Water's Water Rate Assistance Program for income-eligible customers
 - In 2023, SJW Group helped customers secure more than \$900,000 in federal assistance (LIHWAP) and offered rate assistance programs
- Supplier Diversity: In 2023, SJW Group's diverse spend was \$63 million, or 21% of addressable spend

Governance and Oversight

Board of Directors

Receives briefings from the board's Sustainability Committee at regular board meetings

Sustainability Committee of the Board

Receives written reports and updates from management that include progress on metrics and updates from the ESG Council

ESG Council

Comprised of state presidents, members of the SJW Group executive leadership team and individuals representing ESG initiatives within the organization who collaborate and report on ESG initiatives and targets

Sustainability Team

Comprised of senior leaders from a cross-section of functional areas who meet regularly to discuss strategy and planning necessary to identify and achieve ESG goals

Corporate Governance Policies

- Code of Conduct, including Whistleblower Policy
- Corporate Governance Policies
- Environmental Policy
- Health and Safety Policy
- Human Right to Water Policy
- Human Rights Policy
- Vendor Code of Conduct Policy

Available at <u>www.sjwgroup.com/investor-</u> relations/corporate-charters-policies

Force for Good

- Employee Safety
- USA Today Top Workplace USA 2024 (Connecticut)
- Gender Balanced Board¹
 - Only 13% of the Russell 3000 have gender balanced boards
- Diverse Supplier Spend
- National Association of Clean Water Agencies' recognition for watershed stewardship in California
- MSCI Rating: 'A'
- Recognized as one of America's Greenest Companies 2025 by Newsweek
 - One of only two water utilities awarded

MSCI ESG Rating History

Key Financial Highlights & 2024 Guidance

3Q 2024 Financial Results (GAAP)

- Rate increases in California and Connecticut service areas were the largest contributors to the increase in revenue, including pass-through water costs
- Higher water production expenses from increased average costs

IN MILLIONS except for earnings per share (EPS)	3Q 2024	3Q 2023	CHANGE
Revenue	\$225.1	\$204.8	10% increase
Net Income	\$38.7	\$36.2	7% increase
Diluted EPS	\$1.17	\$1.13	4% increase

3Q 2024 Financial Results (Non-GAAP)

 3Q merger and acquisition expenses and real estate transactions that netted a \$0.3 million after-tax loss have been excluded from non-GAAP results

IN MILLIONS except for earnings per share (EPS)	3Q 2024	3Q 2023	CHANGE
Revenue	\$225.1	\$204.8	10% increase
Adjusted Net Income ¹	\$39.0	\$36.2	8% increase
Adjusted Diluted EPS ¹	\$1.18	\$1.13	4% increase

¹ See Appendix for SJW Group's disclosures for non-GAAP financial measures.

YTD 2024 Financial Results (GAAP)

- Rate increases were the largest contributor to the increase in revenue
- Each utility contributed to the revenue increase through one or more means, including infrastructure recovery and customer growth
- Higher water production expenses from increased average costs and higher usage

IN MILLIONS except for earnings per share (EPS)	YTD 2024	YTD 2023	CHANGE
Revenue	\$550.6	\$499.0	10% increase
Net Income	\$71.0	\$66.0	8% increase
Diluted EPS	\$2.18	\$2.09	4% increase

YTD 2024 Financial Results (Non-GAAP)

 2024 real estate transactions and merger and acquisition expenses that netted a \$0.9 million after-tax loss have been excluded in non-GAAP results

IN MILLIONS except for earnings per share (EPS)	YTD 2024	YTD 2023	CHANGE
Revenue	\$550.6	\$499.0	10% increase
Adjusted Net Income ¹	\$72.0	\$65.0	11% increase
Adjusted Diluted EPS ¹	\$2.21	\$2.06	7% increase

¹ See Appendix for SJW Group's disclosures for non-GAAP financial measures

Stable and Consistent Dividend Growth

- 5.3% increase in annual dividend over 2023
- \$1.60 per share (annual)
- Dividends paid continuously for more than 80 years
- Annual dividend increase for 56 consecutive years

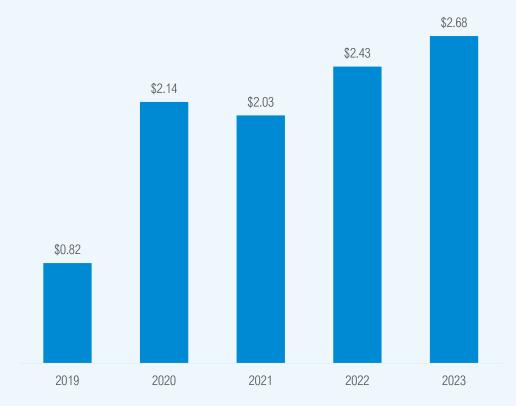

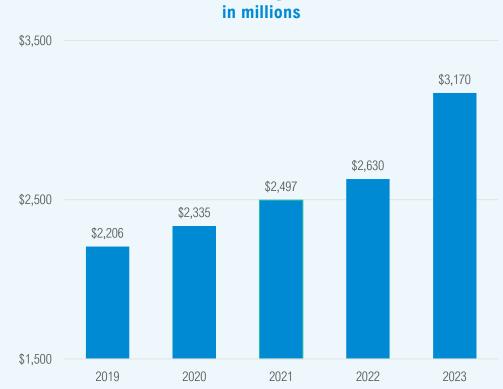

Dividends Paid 2018 - 2023

6.% CAGR is for the period from 2018 to 2023

Forward-Looking Statements

Safe Harbor

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. Some of these forward-looking statements can be identified by the use of forward-looking words such as "believes," "expects," "estimates," "anticipates," "intends," "seeks," "plans," "projects," "may," "should," "will," or the negative of those words or other comparable terminology. These forward-looking statements are only predictions and are subject to risks, uncertainties, and assumptions that are difficult to predict.

These forward-looking statements involve a number of risks, uncertainties and assumptions including, but not limited to, the following factors: (1) the effect of water, utility, environmental and other governmental policies and regulations, including regulatory actions concerning rates, authorized return on equity, authorized capital structures, capital expenditures, PFAS and other decisions; (2) changes in demand for water and other services; (3) unanticipated weather conditions and changes in seasonality including those affecting water supply and customer usage; (4) the effect of the impact of climate change; (5) unexpected costs, charges or expenses; (6) our ability to successfully evaluate investments in new business and growth initiatives; (7) contamination of our water supplies and damage or failure of our water equipment and infrastructure; (8) the risk of work stoppages, strikes and other laborrelated actions; (9) catastrophic events such as fires, earthquakes, explosions, floods, ice storms, tornadoes, hurricanes, terrorist acts, physical attacks, cyber-attacks, epidemic, or similar occurrences; (10) changes in general economic, political, business and financial market conditions; (11) the ability to obtain financing on favorable terms, which can be affected by various factors, including credit ratings, changes in interest rates, compliance with regulatory requirements, compliance with the terms and conditions of our outstanding indebtedness, and general market and economic developments. The risks, uncertainties and other factors may cause the actual results, performance or achievements of SJW Group to be materially different from any future results, performance or achievements.

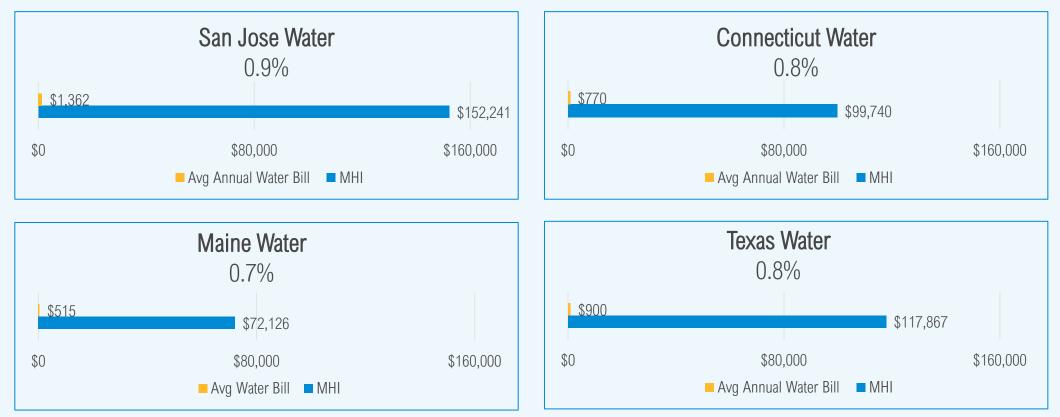

Results for a quarter are not indicative of results for a full year due to seasonality and other factors. In addition, actual results, performance or achievements are subject to other risks and uncertainties that relate more broadly to our overall business, including those more fully described in our filings with the SEC, including our most recent reports on Form 10-K, Form 10-Q and Form 8-K. Forward-looking statements are not guarantees of future performance, and speak only as of the date made, and SJW Group undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise, except as required by law.

Non-GAAP Financial Measures

SJW Group's net income and diluted EPS are prepared in accordance with GAAP and represent the earnings as reported to the Securities and Exchange Commission. Adjusted net income and Adjusted diluted EPS are non-GAAP financial measures representing GAAP earnings adjusted to exclude the effects of non-utility real estate transactions and costs associated with mergers and acquisition activities, if any. These non-GAAP financial measures are provided as additional information for investors to evaluate the performance of SJW Group's business activities excluding these items. Management also believes these non-GAAP financial measures help investors and analysts better understand our actual results compared to our guidance on a non-GAAP basis. SJW Group uses adjusted net income and/or adjusted diluted EPS as the primary performance measurements when communicating with analysts and investors regarding our outlook and results. Adjusted net income and Adjusted diluted EPS are also used internally to measure performance. However, these non-GAAP financial measures may be different from non-GAAP financial measures used by other companies, even when the same or similarly titled terms are used to identify such measures, limiting their usefulness for comparative purposes. Further, these non-GAAP financial measures should be considered as a supplement to the financial information prepared on a GAAP basis rather than an alternative to the respective GAAP financial measures.

Reconciliation of Non-GAAP Financial Measures

	 2024 Ear	nings (Guidance
Estimated Diluted EPS Guidance on a GAAP Basis Adjustments:	\$ 2.65	to	2.75
